Education

Techno International Newtown

Bachelor of Technology in Computer Science & Engineering.

2022 - 2026 | CGPA: 8.5

S.S.Patna High School

Higher Secondary Education.

2020 - 2022 | Grade: 'A'

Skills

- Full-Stack Web Development
- Type Script
- Next.js
- DSA & OOPS
- Github
- Consistant in Work
- Team Work

INTERNSHIP

PROJECTS

1. **EDU-BRIDGE**
   - EduBridge brings a platform where freshers and alumni can connect, collaborate, and grow together.
2. **ZAPIER CLONE**
   - A Zapier clone automates workflows by connecting different apps, allowing users to create sequences where events in one app trigger actions in another.
3. **AIRBNB CLONE**
   - An Airbnb clone is a platform that replicates the core features of Airbnb, allowing users to list, discover, and book accommodations.
4. **FLIPKART CLONE**
   - A Flipkart clone is an e-commerce platform that replicates the features and functionality of Flipkart. It allows users to browse and purchase products, manage orders, and make secure payments.
5. **DRS, JARVIS AI, MOVEMENT DETECTOR Using Python**
   - DRS, JARVIS AI, and Movement Detector in Python are advanced systems: DRS for sports decision reviews, JARVIS AI as a virtual assistant, and Movement Detector for tracking motion with computer vision.

EXTRA-CURRICULAR ACTIVITIES

- Playing cricket, football, and various sports.
- Attending gym sessions.
- Traveling to diverse destinations.
